Project readout

Highlights in the current selection

Current selection covers **3,732 category listings**, 1,674 distinct product names and 1,801 distinct product-pack-price records.

Average listed discount is **7.6%**; 447 variants are in the premium tier (MRP ≥ ₹200). Estimated available stock is 7,197 units, valued at ₹10,58,454 at listed selling price.

Cooking Essentials has the broadest assortment (477 names). Fruits & Vegetables has the highest category average discount (15.5%); Biscuits has the highest out-of-stock listing share (28.6%).

Snapshot scope

How to read these figures

This project describes the listed catalog. It does not contain sales, customer demand, or a date series, so it cannot establish sell-through, revenue, price elasticity, or trends. “Premium” is a configurable MRP price tier, not a quality label.
